

eMazzanti Named a 2019 Tech Elite 250 IT Solution Provider by CRN®

High-level, customer-beneficial technical certifications from top technology vendors land eMazzanti on this year's Tech Elite 250 list

Hoboken, New Jersey -- (Cision) March 26, 2019 - eMazzanti Technologies, a NYC area [managed IT service provider](#) (MSP), IT consultant, and cloud services company, is proud to announce that CRN®, a brand of The Channel Company, has named eMazzanti Technologies to its 2019 Tech Elite 250 list.

Since 2011, CRN has recognized North American-based solution providers and resellers who have differentiated themselves with the Tech Elite 250. These IT services and solution providers have attained some of the highest-level certifications and specializations from top technology vendors.

“The Tech Elite designation provides solid evidence to our customers that they are receiving world-class IT services,” stated Jennifer Mazzanti, CEO, eMazzanti Technologies. “Our technicians are constantly upgrading their technical knowledge and certifications.”

To compile the annual list, The Channel Company's research group and CRN editors work together to identify the most customer-beneficial technical certifications in the North American IT channel. Companies who have obtained these elite designations—which enable solution providers to deliver premium products, services and customer support—are then selected from a pool of online applicants.

“CRN’s Tech Elite 250 list recognizes solution providers with extensive technical knowledge and premier certifications,” said Bob Skelley, CEO of The Channel Company. “Pursuit of vendor certifications and broader skill sets in a wide range of technologies and IT practices, proves a solution provider is committed to delivering maximum business value from those technologies and giving their customers the highest level of service.”

eMazzanti Technologies holds elite certifications with Microsoft, HP Enterprise and WatchGuard Technologies among others. Notably, the company was recently ranked as the #1 [NYC Managed Service Provider](#) by Clutch, a Washington, D.C. based ratings and review platform.
